Why is it so important to pick your classes carefully?

The schedule you receive in the summer will be **your schedule**! There will be no changes made to schedules. Therefore, use our **RESOURCES** (graduation requirements, post-secondary requirements, Program of Studies document, Subject Selection Fair, conversations with teachers) to do the **RESEARCH**, and then make the **BEST, MOST INFORMED COURSE SELECTIONS**!

The classes you choose now will determine the post-secondary programs that are available to you.

The course choices you make create the classes we offer. If not enough students choose a particular class, it cannot be offered.
