# Selecting Classes

---

- ✓ The **BEST SCHEDULE** is a **FULL SCHEDULE**. **Choose 10 classes**, and work backwards from there, if needed. Once your schedule has been created, only drops will be considered.
- ✓ **Minimum graduation requirements** do not necessarily meet the "**Entrance Requirements**" of many post-secondary institutions. Students should **select their classes wisely**, keeping in mind their post-secondary goals and corresponding entrance requirements.
- ✓ Grade 11 & 12 students must register in a minimum of **8** classes and must take at least four classes per semester.
- ✓ Students must complete a minimum of **8** classes to be considered for Gold, Silver, and Bronze Proficiency Medals, but general Honour Roll does not require a minimum number of classes.

# Why is it so important to pick your classes carefully?

The schedule you receive in the summer will be **your schedule**! There will be no changes made to schedules. Therefore, use our **RESOURCES** (graduation requirements, post-secondary requirements, Program of Studies document, Subject Selection Fair, conversations with teachers) to do the **RESEARCH**, and then make the **BEST, MOST INFORMED COURSE SELECTIONS!**

The classes you choose now will determine the post-secondary programs that are available to you.

The course choices you make create the classes we offer. If not enough students choose a particular class, it cannot be offered.

# Planning For The Future

**Students who are undecided about their education, career or life direction should utilize [www.myBlueprint.ca](http://www.myBlueprint.ca)**

**There will be a brief tutorial on myBlueprint following our presentation for any families who are interested.**

# Planning For The Future Continued...

- ✓ Visit our EDSBY Post-secondary & Careers Information page often – we add new opportunities as they are sent our way!
- ✓ Encourage your student to choose electives that develop their interests.
- ✓ Encourage your student to visit Student Services & listen to announcements about Career Fairs, Post-Secondary Workshops or Spend-A-Day Programs.
- ✓ Encourage your student to re-evaluate and re-assess post-secondary plans each year. Choose classes that open up a few post-secondary options of interest to them. Refine selections each year to reflect an evolving plan!
